## THREE-FOURTHS VOTERS REGISTER

This is Estimate Placed on Saturday's Registration Today, Before Returns Are In

### WOMEN ABOUT EQUAL THE MEN

In Precinct No. 10 in Rushville They Outdistance Men by 125 to 115  
—Few Clerks Report

Early official returns today from Saturday's registration, together with unofficial reports from various precincts, caused a number of persons in touch with the situation to hazard a guess that seventy-five percent of the men and women of voting age in the county qualified for casting a ballot on November 2.

Indications were that the men outnumbered the women in registering, but not very much. In one precinct, the clerks of which made a report to the auditor's office this morning, there were fifteen more women than men on the registration books.

This was precinct No. 10 in Rushville township. Out of a total of 235 registering, 110 were men and 125 were women. The registration place for this precinct was the Poundstone building, corner of Morgan and Third streets.

Four hundred and twelve voters, both men and women, registered at Irvin's garage, precinct No. 2 of Rushville township. In this precinct the registration was exceedingly heavy because there are only 475 voters on the poll books.

Out of a total of 268 registering in precinct No. 2 of Posey township, the clerks of which reported at the auditor's office this morning, 117 were women and 151 were men. There are approximately 380 voters in the precinct, leaving 112 yet to register.

In precinct No. 2 of Washington township, from which a report was received at the auditor's office this morning, 81 of the 200 registering were women and the balance, 119 were men.

It was unofficially reported that all but 75 of the voters on the poll books in precinct No. 5 in Rushville township registered Saturday. This is one of if not the largest precinct in the county.

Both political parties will begin a drive at once to get every voter who did not register Saturday, qualified for voting by next registration day, October 4. It is very likely that the next registration day will be "soft" for the clerks because the political parties will attempt to have all registered on blanks provided for the purpose before that time.

Just as soon as returns are received from all precincts, a list of registered voters will be made at the auditor's office for each political party, and in this way the managers can check up and determine who must be seen before October 4.

## FUR SALESMAN RELEASED

Peddler Is Found to Have Complied With the Law.

The man arrested Saturday afternoon charged with being a transient merchant and selling without first having obtained a ten days' county license, was given a hearing in police court, and the case was dismissed by Mayor Irvin, when it was found that he was not a transient merchant, but a house to house peddler, and was selling under a city license which he had previously obtained. Two kinds of merchants

The law distinguishing between the two kinds of merchants is very vague, and because local merchants objected the arrest was made before an investigation. The man was selling furs.

## CONSPIRACY TO WRECK TRAIN

Springfield, Ill., Sept. 6.—Twenty foreign radical suspects who were conspiring to wreck the Diamond Special Star train on the Illinois Central railroad was held here today by federal authorities following a series of combined raids.

## NOW HAS TWO MASTERS

Sport, Innocent Coon Dog, Loses One and Gets Out of Court.

Sport, the innocent dog that involved three owners, is now the property of two masters, Bert Oneal and Paul Davison. Sport is a valuable coon dog and because he was owned by three men, was placed in jail on two occasions when the three owners had a dispute over him. Each partner claimed that they owned \$27.50 in the dog, and Saturday Paul Davison purchased the one-third interest from Gurney Oneal, and the custody of the dog was given over to Davison by Oneal. The matter is now settled, and costs in the case amount to \$15, which makes the dog slightly more valuable than he was before.

## LIFELONG RESIDENT OF THE CITY DIES

Elijah Pea, Age 70 Years, Expires at Home of His Son, Chase Pea, Saturday Night.

### FUNERAL TUESDAY AFTERNOON

Elijah Pea, a lifelong resident of this city, and well known cement maker and laborer, expired Saturday night at the home of his son, Chase Pea, in West First street, after an illness of several years with heart trouble and other complications.

Death came at 10:30 Saturday night, and was not unexpected as he had previously been in a serious condition for several days. He was 70 years old at the time of his death.

Mrs. Malinda Pea, wife of the deceased, expired a few weeks ago while on a visit with a daughter in Chicago, and was buried here. Mr. Pea was a member of the Main Street Christian church, having been baptized a week ago today.

The deceased is survived by four children, who are Mrs. Maude Jones of Louisville, Ky., Mrs. Rena Jackson of Nashville, Tenn., Chase and Ed Pea of this city. The funeral will be conducted tomorrow afternoon at the residence of his son Chase and burial will be made in East Hill cemetery. The Rev. L. E. Brown will have charge of the services.

## FRANK DEMAREE SAID TO HAVE COME BACK

One of Defendants in Conspiracy Case May be Arrested Soon, It Is Reported.

### GREENSBURG CHIEF HERE

A further arrest in the Demaree gang was expected to be made today or tomorrow, when Chief of Police Taylor Meek of Greensburg received a "tip" yesterday morning that Frank Demaree, a fugitive from justice, was again in Greensburg, staying with different relatives.

Frank Demaree is said to be implicated in several robberies in Decatur county and also in this county, and is a brother of the Demaree brothers who faced trial in this court last spring on a conspiracy charge. Seven defendants were named in a conspiracy charge and Frank Demaree was among them, but made good his escape while the officers were arresting other members of the gang.

Chief Meek was in Rushville yesterday and stated that the officers there would probably place him under arrest today, and that he would be brought to Rushville to face the conspiracy charge. Gregg Alyea, also of Greensburg, will go on trial in the circuit court here Wednesday, being one of the seven defendants in the case.

Miss Marian Sparks has gone to Marion, Ind. where she will be an instructor in Latin in the high school of that city.

## Watson and Harding Will Have Twofold Reason for Celebrating

They Will Not Only Observe Birthdays Together Nov. 2, Election Day, But Will Also Hear Returns They Expect to be Favorable.

### JOINT CELEBRATION A CUSTOM

Two United States Senators are looking forward to birthday presents in the shape of majority votes in the November elections. They are Senator Warren G. Harding, the republican nominee for president; and Senator James E. Watson of this city candidate for re-election. The birthdays of both men fall on the same day—November 2—which happens to be election day this year.

For the last four years the two senators, with their wives, have observed their anniversaries jointly at the Harding or Watson homes in Washington. This year Senator

Harding has invited Senator Watson to bring Mrs. Watson to Marion to eat birthday cake and hear the returns between times.

Neither senator can see any reason why this should not be a most joyous birthday for each. Senator Harding believes that there is no obstacle to the usual celebration and the Indiana statesman is confident of his re-election, and, therefore, is sure that he and his Ohio friend will have double cause for celebration.

The first dinner was given at the Harding home and the next by Mr. Watson. Since then they have alternated and this is the Harding turn. The wives of the senators, who are also very close friends, are the only hidden guests at these dinners.

Recently Senator and Mrs. Watson were guests at the Harding home and preliminary plans for the 1920 birthday dinner were made on that occasion.

## CANDIDATES HAVE BUSY DAY TODAY

Most of Them Have Several Hours' Overtime Pay Coming to Them on Labor Day

### COX SPEAKS AT MINNEAPOLIS

Sen. Harding to Speak From Front Porch to an Audience of Neighbors and Visiting Delegations

(By United Press)  
New York, Sept. 6.—Labor Day today was no holiday for presidential and vice-presidential candidates. Most of them will have several hours' overtime pay coming to them, if they collect according to union scale.

Governor James M. Cox, democratic nominee, was on the program for an address at the Minnesota State Fair grounds, Minneapolis.

Senator Harding will speak from his front porch at Marion, Ohio, to an audience of his neighbors and visiting delegations.

Eugene V. Debs, candidate for president for the fifth time on the socialists' ticket, was expected to make a Labor Day statement from his cell in the Atlantic federal penitentiary.

Franklin D. Roosevelt, democratic candidate for vice-president, will speak at a Labor Day celebration in Prospect Park, Brooklyn.

Samuel Gompers, though not a candidate for office, will, as president of the American Federation of Labor, have a message for organized labor in his address at a Labor Day celebration in Columbus, Ohio. The burden of Gompers' address, delivered in the capital of a disputed state and the home of three candidates, will be political, it is believed.

## TO FIX GRAVEL ROAD LEVY

Commissioners Meet Today and County Council Comes Tuesday

The county commissioners, at their regular monthly meeting today, allowed the usual claims and this afternoon expected to fix the gravel road tax levy for next year. They were also making preparations for the annual meeting of the county council, which will be held tomorrow for the purpose of making appropriations to carry on the business of Rush county in 1921.

The county commissioners have already prepared the budget of estimated expenses for next year, which has been published. It will form the basis for the appropriations by the county council.

### KAPPAS IN CONVENTION

Muncie, Ind., Sept. 6.—Seventy-five chapters of the Phi Delta Kappa fraternity were represented at the district convention of Kappas from Illinois, Ohio and Indiana here today.

## HEAR FIRST COAL INJUNCTION SUIT

Three Judges on Federal Bench Hear Arguments to Test Validity of State Control of Mines

### ALL ARE OUTSIDE JUDGES

Miners Object to Having Mines Operated Under State Supervision—First of Its Kind

Indianapolis, Ind., Sept. 6.—Three federal judges today heard preliminary arguments in the suit of the American Coal Mining Company of Brazil, asking an injunction to prevent enforcement of the law providing for state control of the coal industry.

This was the first suit filed to test the validity of the law under both the federal and state constitutions. The second was by the retail dealers.

Both ask injunctions to restrain the State Board of Accounts as the administrative body from enforcing the law on the ground that it is unconstitutional.

Judges F. E. Baker, of Chicago; E. A. Evans of Baraboo, Wis., and F. A. Geiger of Milwaukee were to sit in the case.

It was expected that when the court convened this morning that the defense would ask that the suit be dismissed.

Attorneys for the operators will ask for an interlocutory injunction which would render the act inoperative pending final decision in the case in the event that the motion to dismiss the injunction suit is overruled.

The defense was represented by James W. Neel and Howard S. Young counsel for the commission and Attorney General Ele Stansbury.

## FOUR CONCERNS OF CHICAGO INDICTED

(By United Press)  
Chicago, Ill., Sept. 6.—Four Chicago concerns were indicted by a federal grand jury here today, charged with profiteering in sugar.

The indictment included officials of the concerns.

The indictment specified the companies sold sugar at a profit as high as 100 per cent. They charged two companies, as brokers, making excessive commissions.

Henderson Taylor and Company who acted as brokers, were charged with selling sugar to George Van Camp and Sons company at Westfield, Indiana, 700 pounds of sugar at a one cent commission. The legal rate was .1 percent.

They were also charged with selling 1,000 pounds to the Pollard Packing Company of Marion, Indiana, at one percent commission.

## TRAFFIC POST DEMOLISHED

Traffic Post at Morgan and Second Streets is Struck Again

The traffic post at the corner of Second and Morgan streets was again the scene of an automobile accident early Sunday morning, when a machine coming east on Second street struck it at full force, and this time putting the post out of business, and probably denting the machine. The crash came at two o'clock, according to people who live in that neighborhood and the traffic post was found several yards down the street. The machine was stopped a half block from the street intersection, and so far as was learned today, the occupants were uninjured. The traffic post weighed 600 pounds and has often stopped machines, only a week ago, it tore up a Ford touring car at the same hour in the morning. No light is displayed on the post.

## WEATHERMAN ACTS DECENT FOR ONCE

County Base Ball Day Expected to Attract Immense Crowd to City This Afternoon

### DOUBLE HEADER ON THE BILL

The weather man smiled kindly today for the baseball fans of Rush county, and one of the biggest days in the history of baseball was to take place this afternoon when teams from Arlington, New Salem and Rushville were to take part in a double header on the West Third street ball diamonds.

The Tail Lights were to figure in both games, meeting the New Salem team at 1:30 and immediately following were to play the Arlington Red Sox. Manager Conway is confident that his team will defeat New Salem, and will save his best for the Arlington game, as it is reported that they are coming loaded, and expect to win.

Plummer will pitch against Arlington and in case he is right, the Arlington team will find out what they are up against. Baseball fans from all parts of the county began to arrive at noon, and most of the business houses were expected to close at noon, in order that the employees could take part in baseball celebration.

## ALYEA FILES MOTION FOR A SPECIAL JUDGE

Defendant in Conspiracy Case May Delay Trial Set For Wednesday—Court Opens

### JURY CALLED FOR TOMORROW

Circuit court convened this morning for the September term, and most of the morning was devoted to the calling of the issues. The first case is scheduled for trial in the morning, when Thomas Kline of Connersville goes on trial for violating the speed ordinance here this summer. The case was appealed from the police court by the defendant.

The jury has been called for service tomorrow and will probably be used all week in different cases. Frank Hamilton, an attorney of Greensburg, representing Gregg Alyea, this morning, filed a petition with the court for a change of judge in his case.

Alyea is scheduled to go on trial Wednesday, on the charge of conspiracy in connection with the Demaree gang, and a delay may be caused by asking for a change of judge. At the present time Alyea is out on \$5,000 bond which he provided for his appearance in court. The docket will be heavy for the new term of court, as is generally the case following the summer vacation. Approximately 80 civil cases and suits were filed during the summer vacation.

## TRUDGING BACK TO SCHOOL TODAY

Children of County Reach End of Vacation Time and Return to Their Work

### FULL CORPS OF TEACHERS

Principals of Consolidated Schools Are Announced—Shortage of Teachers Not So Bad

The school children of Rush county trudged back to school today. Every school in the county opened the year's work today, including the Rushville public schools.

A few township schools will have an eight months term this year for the first time, on account of the teachers' minimum wage law passed by the special session of the legislature which provides a minimum of \$800 a year for school teachers. This will have the effect of keeping the school in session eight months.

Although some difficulty was experienced by school officials this year in obtaining teachers, the shortage of teachers was not so troublesome as last year, when some of the schools opened with a short teaching force. The schools all have a full corps of teachers when they opened this morning and there is not believed to be a teacher in the county who will not receive a higher salary this last year.

The teachers for the Rushville schools have already been announced. At Milroy, George F. Bugbee succeeds Charles F. Updike as principal of the Anderson township school. Mr. Bugbee served as a major in the war and finished out last year as principal of a school in Wayne county.

Roland H. Glenn will be principal of the Orange township consolidated school, succeeding John Geraghty of this city, who becomes principal of the Webb school in Rushville township. Last year Miss Anna Holton was principal of Webb's school, and after her retirement, Miss Pearl Elliott became principal.

W. R. Wagoner returns as principal of the Posey township consolidated school at Arlington. While in Rushville Saturday afternoon he announced the list of teachers for Arlington as follows:

Hazel F. Meloy, principal of the senior high school; C. M. DeMunnbrun, principal of the junior high school; Jean Carr, English; Mary Foster, commercial subjects; Opal Scrapper, music, art and home economics; grade teachers—Mary Mettaker, 6th and 7th grades; Lettie Wood, 4th and 5th; Flossie Irvine, 2nd and 3rd; Mary Johnston, 1st and 2nd; Sue Woods, No. 1; Bertha Moore, No. 9.

Floyd Miner, a former Carthage man, goes to Manila as principal of the Walker township school, having been superintendent of the West Baden schools last year. C. G. Vernon, who was the principal last year accepted a position in Illinois this year.

John E. Goode returns as principal of the Center township school and Nellie Myers will be principal of the two-room school at Mays.

L. E. Dyer, who was assistant principal of the Ripley township schools at Carthage last year, becomes principal this year, succeeding

## HAS 14 DAY SUPPLY NOW

Coal Situation is Relieved With Arrival of Another Car Saturday.

Superintendent A. T. Mahin of the city water and light plant stated today that a 14 days' supply of coal was on hand now, with the arrival of another load of coal late Saturday afternoon. At noon Friday the situation looked up serious, when only a 13 hours' supply was on hand, but late Friday two cars were placed here, and the additional car Saturday night makes the situation here much easier. Most coal is being purchased by the city on the open market, and costs from \$7 to \$9 a ton, which is an exorbitant price to pay for the class of coal used at the plant. Contract coal is not available.

## CHEMISTS OPEN A MEET IN CHICAGO

How Chemistry Can Aid in Increasing The Reduction of The Factory to be Keynote

TO CONTINUE TO SEPT. 10

New Ways of Obtaining Gasoline to be Described Including Extraction of it From Natural Gas

Chicago, Sept 6—How chemistry can aid in increasing the production of the factory and making more use of many commodities will be the keynote of the sixtieth general meeting of the American Chemical Society, to open here today. The sessions will continue to September 10, inclusive.

The organization consists of 15,000 chemists and it is expected that about three thousand of them will be present.

Many of the members are connected with large industrial plants and, as advisors, they have much to do with the efficiency of manufacturing processes. The slogan of the meeting "Increased Production Through Chemistry", finds its application in the various divisions and sections of the society. There will be meetings of the divisions which concern themselves with dyes, fertilizers, industrial and engineering chemistry, with the chemistry of rubber and that of water, sewage and sanitation. One section will discuss the chemical problems which arise in the tanning of leather; another will be devoted to sugar and its production.

Among the largest special meetings will be a fuels symposium. Many of the papers presented will contain suggestions as to how more power can be obtained from the derivatives of petroleum.

New ways of obtaining gasoline will be described, including the extraction of it direct from natural gas. Another paper describes how artificial gas can be produced in larger quantities and at lower cost by enriching it with natural gas in regions where that vapor is available. Another feature of the symposium will be the utilization of the large deposits of lignite in this country as a substitute for coal.

In the cellulose symposium many of the speakers who take part will discuss the paper famine and the newsprint situation and suggest methods by which production can be increased by conserving wood pulp supplies and also by employing new substances in paper manufacture.

Much light will be thrown upon the production of sugar in the division of sugar chemistry. A new source of the sweetening substance will be indicated by Charles A. Gamble in his paper entitled, "The Sugar Industry of Peru". Professor C. E. Coates, of New Orleans, will tell of refining raw sugars without the use of a bone-black.

## MINNESOTA TO HAVE A POTATO EXCHANGE

One Fourth of State's Production Will be Handled Under a New System of Exchange

DIRECTED BY STATE OFFICER

(By United Press)  
Minneapolis, Minn., Sept. 6.—Standardization of grades and a better distribution of the product are the results expected to be realized by the organization of the Minnesota Potato Exchange here. Through the new system tubers will be handled on a co-operative basis. The machinery of the new exchange consists of local co-operative associations of potato raisers who contract with the central organization to market their product. N. J. Holmberg, state commissioner of agriculture, who started a campaign for the formation of the exchange a year ago, said about 75 local associations have already been completely organized, and that within two weeks fully 100 locals will be included.

"Approximately, one fourth of the potato acreage of Minnesota has been tied up with contracts to market this year's crop through the exchange," said Holmberg.

The commissioner said the state agriculture department is also considering the establishment of similar organizations for marketing grain and other farm products.

## SHOULD WATCH SUGAR LAND

Report States Japanese are Invading Beet Sugar Territory in West

Washington, D. C. Sept. 6.—Warning against an "invasion" of the Japanese as entering into the sugar beet growing industry in California and in the southwest, was contained in a report to the Secretary of Labor Wilson by two agents appointed to make a survey of the contracting labor.

The report read: "It is exceedingly pertinent to the country that the Japanese are invading the beet industry as propagandists. They are reported to be buying all the best land. The invasion has not assumed large proportions as yet, but in the future may and probably will especially if other labor is not available."

Put Ear to Odd Uses.

Burmese men and women delight in ear ornaments. The lobe of the ear is bored with a hole of astonishing size, and in it various articles are worn—pieces of wood, jewels, or rolls of solid gold or silver. When no ornaments are in the ears, the men often put their cigars, or any other small article in frequent use, through them, and the women use the holes for bouquet holders.

Fumes of iodine have recently been urged as a method of administering that drug preferable to the usual tincture. Ward Politics

It has been frequently remarked that Governor Cox's tactics thus far in the campaign breathed of ward politics. He has neglected to stress very much the real issues of the campaign and has sky-rocketed on the campaign contributions, much to the disgust of his own followers, but since Mr. Murphy, Mr. Nugent and Mr. Taggart have decreed that he shall stir up a muck in this direction, we will probably have to put up with it until Nov. 2. Gov. Cox said in Kalamazoo that he intended to reiterate his charges until election day, and judging from past performances, one is led to believe that he may.

Commenting on this subject and the unbecoming conduct of Gov. Cox the New York Sun and Herald speaks as follows:

There is a mighty difference in the measure of culpability of a cheap, sharp little ward politician attempting to mislead the public by distortion and misrepresentation and a like distortion and misrepresentation by a Presidential candidate.

No one places any confidence in

# Left Arm Swollen So Bad Could Not Raise Above Head

Anderson man suffered daily from Rheumatism, pains over kidneys, lazy liver, constipation and weak stomach. Obtained first relief in over a year after taking three bottles of Drecto, the root herb medicine.

"My left arm was so painful and swollen that I could not raise it above my head, my whole system seemed full of rheumatism and every joint and muscle was sore and stiff," said Mr. Herman Holloway of East 28th Street, Anderson, Ind.

"My bowels were daily constipated and my liver quite sluggish which often gave me a dizzy feeling and headaches. I had to be careful about my eating or I'd suffer afterwards from gas in my stomach and gripping pains. I was so nervous I couldn't sleep sound.

"I've finished my third bottle of Drecto and it's the first time in a year I've been free from pain. My arms, shoulders, knees and ankles are no longer swollen or painful and my back is supple so I can bend over at will. My bowels act regular, liver has been cleansed so that I never get dizzy. I sleep sound and my stomach is free from gas and nausea. Drecto has done a lot for me and I don't hesitate to speak a good word for it."

All druggists now sell Drecto and it is being especially introduced in Rushville by F. B. Johnson & Co.—Adv.

the professional ward politician. He may do or say anything to carry a point and little importance attaches to it. The reason is that men do not look in his direction for character, and startling utterances without character do not make a ripple in the community.

But the Presidential candidate, the actual nominee of a great party, stands out with us as a great figure, a man of rock-ribbed character, a man of superb dignity, to whom little acts, small petty acts, the acts of the sharp little ward politician in matters political, would be abhorrent and impossible.

Because of this ideal of the man selected by his party for the first office in the land, because of this ideal which mirrors the composite of our Presidents from Washington to Wilson, it is shocking to see Mr. Cox descend to demagogic levels in his fight for election.

In what he has said of Republican campaign funds the brazen, blatant way he has said it has written him down as a person wholly unfit to be President of these United States; has written him down as a man ready to delude and mislead that he may gain advantage over his opponent in the Presidential race; has written him down as indifferent to facts and to the verities of the situation; has written him down as a sharp little man without bigness of soul, bigness of vision or appreciation of the great role he is playing as the nominee of a great political party for President of the United States.

The facts as disclosed before the Kenyon campaign committee annihilate the Cox charges of the Republican corruption fund; the facts show that the money so far received by the Republican campaign committee is only a trifle over a million dollars; and getting it in small contribution as Mr. Hays hopes to do, is not big with promise for even the necessary amount to run a national political campaign.

No one knows better the falsity of the "slush fund" charges he has been making than Governor Cox himself; no one knows better than he that the quota figures of the drive artist mean little in truth; no one knows better than he, a shrewd business man, that it isn't within the bounds of possibility to raise fifteen millions of dollars in small contributions for campaign purposes; no one knows better than he that the attitude of the whole country in a matter of campaign contributions for both parties has always been "Let New York Pay," and knowing this his slush fund accusations were downright dishonest.

Brains are of little value, unless a fellow has common sense enough to apply them.

There is one word in the English language that represents a mole hill today and a mountain tomorrow—"scandal!"

Time was when no one ever thought the country would go dry; or that women would be allowed to vote, or that—but, shucks, now-a-days we never know what is going to biff us on the bean next.

If the job is harder than you thought it would be, then the logical thing to do is to work harder than you expected.

# JOURNAL DECLARES FOR SEN. HARDING

Providence Newspaper Chooses Republican Candidate for They Believe he is Superior to Gov. Cox

IS AN INDEPENDENT PAPER

In Gov. Cox Paper Sees Hope of Democratic Office Holders and a Fetch-and-carry Boy for Wilson

(By Special Correspondent)

Providence, R. I., Sept. 6.—The Providence Journal, an independent newspaper, has declared for Senator Harding, the Republican presidential nominee, and states its reasons for its decision to support him as follows:

"Immemorial custom, since the days when newspapers began, has placed upon them the burden of declaring their choice for a candidate for public office and giving their reason for that choice, vigorously or timidly as their policy may dictate.

"The Journal has tried to the best of its ability to arrive at such a conclusion concerning Governor Cox and Senator Harding. One of these men will be called by the nation to serve it as president of the republic for the next four years—a period of stress and trial; a period of reconstruction not only for our country but for the world; a period already darkened by the shadows of doubt, by dangers of radicalism run wild, by grave and vital problems almost beyond the power of mortal man to foresee or analyze.

"The Journal's choice for president is Warren G. Harding. It believes that, judged from the standpoint of patriotism, statesmanship and deep and abiding love of the ideals that have made the republic what it is, he is infinitely superior to Governor Cox. Senator Harding is a keen student of national problems, who cannot be induced to barter his principles for any personal or party advantage. He is a man who begets confidence, who holds the respect and affection of all who come in contact with him.

"Governor Cox is a shrewd, able and active politician, playing the game asleep and awake. He is the mouthpiece of 'Charlie' Murphy and Tammany Hall and the bosom friend of 'Tom' Taggart, whose pleasure resorts in Indiana have been for many years the meeting place of all the sordid and discredited elements among the Democratic leaders.

"But, above and beyond these things, the election of Governor Cox would mean a continuation of the Wilson policies and the unspeakably vicious Wilson methods. It would give another lease of life to the regime that has sought to drive Americans like sheep, against their will and by despicable trickery, into the muddled waters of international intrigue.

"If the American people want a continuation of Wilsonism and what Wilsonism means they will elect Governor Cox. If they want a revival of the spirit and soul of the constitution, a rebirth of national honor and the elimination of the Absolute Monarchy of Error under which this country has suffered in shame for seven weary years, they will elect Senator Harding.

"No party has an option on all the virtues or all the vices. President Wilson is not the Democratic party and has never been its real spokesman. And in Governor Cox we see not the standard bearer of a great party but the hope of Democratic office holders and a fetch-and-carry boy for Mr. Wilson. He has already publicly pledged his devoted and loyal support to the president's ideals. He is thoroughgoing acceptable to Mr. Wilson—they both say so—and no man is acceptable to Mr. Wilson whom Mr. Wilson cannot handle like a blind and dumb automaton."

For elder ones he has respect,  
As all of us have seen.

THE TRUTH ABOUT ENVY.

I like to see the flowers grow,  
To see the pansies in a row,  
I think a well-kept garden's fine,  
And wish that such a one were mine,  
But one can't have a stock of flowers  
Unless he digs and digs for hours.

My ground is always bleak and bare,  
The roses do not flourish there,  
And where I once sowed poppy seeds  
Is now a tangled mass of weeds.  
I'm fond of flowers, but I admit,  
For digging I don't care a bit.

I envy men whose yards are gay,  
But never work as hard as they;  
I also envy men who own  
More wealth than I have ever known.  
I'm like a lot of men who yearn  
For joys that they refuse to earn.

You cannot have the joys of work  
And take the comfort of a shirk,  
I find the man I envy most  
Is he, who's longest at his post.  
I could have gold and roses, too,  
If I would work, like those who do.

# LUCKIEST DAY OF HIS LIFE, DECLARES GRAY

Indianapolis Man Says He Spent Six Years in Search For Relief From Rheumatism and Stomach Trouble.

"If I had only known about Tanlac sooner it would have saved me years of suffering and many a dollar, too," declared C. H. Gray, of 219 North Capitol Avenue, Indianapolis, Ind.

"I had been trying for six years," continued Mr. Gray, "to get relief from rheumatism and stomach trouble, I had no appetite and what little I did eat gave me indigestion and caused gas to form so bad on my stomach that I would bloat up as tight as a drum and could hardly get my breath. My whole body ached with rheumatism and my arms and legs became so stiff and sore I could scarcely get about. I was so weak and nervous that I never had a good night's sleep and would get up in the

mornings feeling as tired as on going to bed.

"I read in the papers about Tanlac and decided to try it. The day I bought my first bottle of Tanlac was the luckiest day of my life, for I commenced to improve with the first few doses and now after taking four bottles my appetite has returned and I can eat anything without having a sign of indigestion. The rheumatism has left me entirely, and I sleep like a log every night and get up mornings feeling fine and full of energy. I am more than grateful for what Tanlac has done for me and will always recommend and praise it."

Tanlac is sold in Rushville by F. B. Johnson Co., in Milroy by Dallas Copper, in Manilla by Geo. J. Inlow, in Arlington by Mrs. L. T. Davis, in Carthage by Otto C. McCarty, and in New Salem by Mrs. Jos. Hankins, R. R. 2—Adv.

## DEMPSEY DEFENDS "CHAMP" TITLE

Heavyweight Championship Meets Billy Miske at Benton Harbor in 10 Round Scrap

ARENA SEATS 15,000 PEOPLE

Winner Will Receive \$50,000 and Losers \$20,000—First Fight Within 14 Months

By DON E. CHAMBERLAIN (U. P. Staff Correspondent) Benton Harbor, Mich., Sept. 6—For the first time since he won the championship from Jess Willard at Toledo, O., last year, Jack Dempsey will defend the heavyweight title when he meets Billy Miske of St. Paul in a ten-round bout here today.

Odds favored Dempsey shortly before the fighters were to enter the ring at 2 o'clock this afternoon.

Dempsey has met Miske twice and claims the newspaper decision both times. Miske concedes the fact that Dempsey licked him at Philadelphia in the fall of 1918 but claims their ten round bout in May, 1918, at St. Paul was a draw. Both men expect to win today by a knockout.

Though the amount which the scrappers are to receive has not been made public the reports are that Dempsey's end will be \$50,000 and a percentage of the receipts over a certain amount. Miske, the same report states, will get \$20,000. The arena at which the fight is to be held will hold approximately 15,000 and with prices ranging from five to thirty dollars a seat Promoter Floyd Fitzsimmons expects to make a nice cleanup.

Both men spent the three weeks preceding the bout training here. They claim to be in great form. Dempsey's followers expect him to hand Miske the sleeping pill within the first five rounds. Miske's supporters believe that if the St. Paul boxer can stick five rounds he will knock out Dempsey.

Supporting Miske's belief that he will beat Dempsey is the statement of Jack Reddy, the former's manager, that Miske has been entirely made over and will enter the ring a 100 per cent piece of fighting machinery.

According to Reddy, in the bouts which Miske has met Dempsey, the St. Paul man was handicapped.

Reddy claims that Miske has suffered from a curvature of the spine for years but now is completely cured. Miske, he says, gained one inch in height, and added 15 pounds to his fighting weight. Both men are expected to enter the ring at from 190 to 200 pounds.

Both have been married. Dempsey is divorced. Miske has a wife and two children in St. Paul.

Dempsey is from Chicago. Miske is the son of a St. Paul policeman.

## FURNITURE TEAM WINS FROM FRANCIS 8 TO 4

Rushville Furniture Company Holds Francis Team to Three Hits in Game Saturday

SCHMALL PITCHES GOOD GAME

The Rushville Furniture Company's baseball team defeated the Francis Company's team Saturday afternoon on the West Third street, by the score of 8 to 4. Schmall pitching for the winner allowed only three hits.

Both teams scored one point each in the first inning and the Rushville team made two in the third, two in the fifth and three in the sixth inning. A late rally in the ninth inning brought in three runs for the Francis team, but it was too late to overcome the lead which the Rushville team had established.

Schmall struck out ten batsmen while Yazel for the Francis team struck out nine. The Rushville team hit the ball hard for 13 times, but were unable to make good on all hits and made three errors, while the losers made four errors. Pease for the Francis team and O. Vansickle for the Rushville team, each secured a three base hit in the game.

The score by innings:  
1 2 3 4 5 6 7 8 9—R H E  
Rushville 1 0 2 0 2 3 0 0 0—8 13 3

## ANDERSON TEAM FAILS TO MAKE APPEARANCE

Tail Lights Were Cheated Out of Game When Anderson Does Not Show up For Game.

TICKETS ARE GOOD TODAY.

A big crowd of baseball fans were disappointed yesterday afternoon, when the Anderson Sefton failed to make their appearance, and when three o'clock came, word from that city was to the effect that the team was enroute to this city, but at five o'clock no ball team had showed up yet and the crowd that was left, was entertained by a scrub game between the former stars and the Tail Lights.

Manager Conway stated that all tickets sold for the game yesterday would be honored at the double header today.

At eight o'clock yesterday morning the game with Anderson was cancelled on account of the rain, but later in the morning, when it cleared off, the team was told to come, and there evidently was a misunderstanding, although the word from Anderson at three o'clock stated that the team left there at noon in automobiles.

## WILL PROBE CHARGE GAME WAS "THROWN"

Chicago Cubs Officials is Investigating Loss of Game to Philadelphia Tuesday.

PLAYERS UNDER A CLOUD

Chicago, Ill., Sept. 6—Charges that the players of the Chicago cubs base ball team were the cause of the Philadelphia team winning here last Tuesday, is under investigation by officials of the club, William Veeck, president of the club announced.

He said he received several telegrams and long distant telephone calls before Tuesday that gamblers with much money would be on hand betting that Philadelphia would win and said he put Gover Alexander pitcher, in the box to spoil the alleged plot.

Alexander pitched a great game but lost by the score of 3 to 0.

A \$50 bonus was offered Alexander by Veeck if the Philadelphians were defeated.

Veeck has called a meeting of the baseball reporters of the Chicago newspapers to select a committee of three to investigate the whole matter. He said he would defray all expenses.

Campaign Emblem.

So far as can be learned, the first emblem was a finger ring of copper. This was worn by the adherents of John Quincy Adams in 1824 when he ran for president, and was inscribed "John Quincy Adams, 1825."

The Rebekah Crochet will be entertained Wednesday afternoon at the home of Mrs. J. H. Havens in West First street. All the members of the club are invited to attend.

The second annual reunion of the Johnson family will be held Sunday, September 12, at Lake Johnson's home near Plum Creek. All members of the families are invited to attend.

Miss Nona May French, daughter of Mr. and Mrs. Joe French, and Earl B. Newman, son of Mr. and Mrs. Charles Newman, both of this city, were married at St. Paul's M. E. parsonage Saturday afternoon at three o'clock by the Rev. Clyde S. Black. They will reside in Rushville.

The regular meeting of the Pleasant Ridge Ladies Aid Society, which was to have been held Wednesday afternoon, has been postponed until Wednesday afternoon, September 15. At this time the society will be entertained at the home of Mrs. L. H. Krammes, living southwest of the city.

Several Rushville people attended the McCarty family reunion which was held yesterday in Greenfield at the home of Mr. and Mrs. Robert W. Brooks. Among those from here were Mr. and Mrs. P. A. Newhouse, Mr. and Mrs. L. J. Cline, Mr. and Mrs. G. P. McCarty, Mrs. J. B. McCarty, Mrs. Pearl Bell and Mr. and Mrs. Thamer McCarty.

The piano pupils of Miss Hazel Morris gave a recital at her home in East Sixth Street Saturday evening. Following the program, there was a social hour during which light refreshments were served. Among the guests were Mr. and Mrs. T. G. Richardson, Mr. and Mrs. Clarence Carr, Mr. and Mrs. Frank Stamm, Mr. and Mrs. Bert Heaton and Miss Georgia Morris.

The Ladies Aid Society of the St. Paul's M. E. church will be entertained Tuesday afternoon by Mrs. Manley Pearce at her home, 1102 North Main street. Mrs. Pearce will be assisted by Mrs. Ned Abercrombie and Mrs. Mary Gorman. The meeting will be the last for this year and a full attendance is urged. The election of officers will also be held at this meeting.

Mr. and Mrs. Clarence Daubenspeck entertained with a three course dinner party yesterday at their home northeast of the city. The guests were Mr. and Mrs. Irvin Vickery, Mr. and Mrs. Lowell Vickery and son Lawrence, Mr. and Mrs. Virgil Vickery and son Moll Warren, Mr. and Mrs. Lloyd Nelson and family, Mr. and Mrs. Ab Ging and Mrs. Cora Rea and Mrs. Charlotte Kirkpatrick.

The first annual reunion of the Harrold and Hays families was held at the Dunreith Christian church Sunday and was attended by about one hundred members of the two families. The next reunion will be held the third Sunday in August, 1921 in a grove a short distance northeast of Dunreith. Joel M. Harrold of this city was elected president of the reunion association which was formed and Frank Harrold of Muncie was elected secretary.

The thirteenth annual reunion of the Land family met at the city park yesterday and enjoyed a good social time. A sumptuous dinner was served at noon to ninety-two relatives and friends. Relatives were present from Greenfield, Knightstown, Indianapolis, Brewersville and many points in Rush county. The reunion will be held in the same place next year the first Sunday in September. J. S. Land of Knightstown is president of the association and Linnie Land of this city is secretary-treasurer.

Rice Bishop was delightfully surprised yesterday by a number of his friends with a pitch-in dinner at his home northeast of the city. The affair was in honor of his 28th birthday. Those who enjoyed the day with Mr. and Mrs. Bishop were Mr. and Mrs. Bert Davison, Mr. and Mrs. Cliff Winship and daughter, Mr. and Mrs. Pete Hollowell, Mr. and Mrs. O. M. Harton, Mr. and Mrs. D. M. Hilligoss, Mr. and Mrs. Fred Lightfoot and family, and Mr. and Mrs. Fred Bell and family.

The regular monthly meeting of the Woman's Council will be held tonight at 7:30 in the Callaghan store.

The Psi Iota Xi sorority will meet tomorrow afternoon at the home of Miss Jean Sparks, in North Main street.

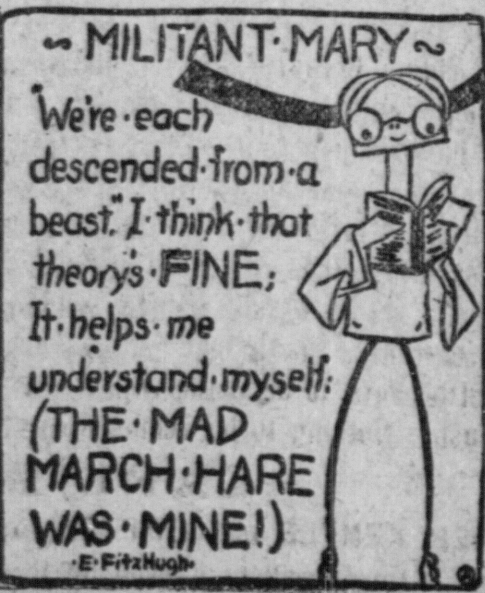

Announcement of the wedding banns of Miss Edith Weewee, daughter of Mr. and Mrs. Leonard Weewee of northeast of this city, and Francis Bishop of Indianapolis was made yesterday at St. Mary's Catholic church. The wedding will take place the latter part of this month.

A shower was given in honor of Miss Mary McKee Saturday night by the Misses Marjory Titsworth and Edith George, at the home of Miss George in Orange. Miss McKee is the bride-elect of Professor E. M. Starr of Pittsburg, and the wedding will take place in the near future. Among the guests were the Misses Thelma and Freda Norris, Bernice Clifford, Lela Bowen, Helen Reed, Mrs. John Creek and Mrs. Israel Long. The evening was delightfully enjoyed by the guests and Miss McKee received many useful and appreciated gifts.

Miss Mary Elizabeth Carr, daughter of Mr. and Mrs. Elbert Carr, living in this city, and Russell Hogue, son of Mr. and Mrs. Samuel Hogue of Shelbyville, were united in marriage yesterday afternoon at three o'clock at the St. Paul's M. E. parsonage by the Rev. C. S. Black, the ring ceremony being used. Following the ceremony a three-course dinner was served at the home of the bride's parents in East Third street. Only the immediate family was present for the wedding. Yesterday afternoon Mr. and Mrs. Hogue left on a wedding trip to New York City, Niagara Falls and Canada. They were accompanied to Niagara Falls by Mrs. Samuel Hogue and Mr. and Mrs. Charles Sullivan of Shelbyville. Upon their return home they will be at home to their many friends in a newly furnished home in Shelbyville.

The annual reunion of the Newbold family was held yesterday in the city park with about 150 relatives and friends in attendance. At noon a delicious pitch-in dinner was served and in the afternoon a business meeting was held. The meeting was called to order by President A. G. Newbold, and the minutes of the last reunion were read and received and the treasurer's report was given and accepted. The following officers were elected: A. N. Newbold, president; J. T. Newbold, vice-president; Mrs. H. C. Webb, secretary and Lon Stewart, treasurer. The next reunion will be held at the Garfield park in Indianapolis. Mrs. Rebecca Taylor of Muncie, aged 81 years, was the oldest member present for the affair.

Among those from a distance present were: J. Edgar Newbold and family, Clayton Pitenger, Frank Oliver and family, Ed Oliver and family, Mr. and Mrs. H. C. Sendler, Mr. and Mrs. Robert Bryant, Mr. and Mrs. Ralph Oliver, Mr. and Mrs. Edgar Oliver, William Taylor and family and Mrs. Rebecca Taylor, all of Muncie; Mr. and Mrs. Charles C. Gamber, Mr. and Mrs. James R. Mahin, Mrs. Sam Selka and family, Mr. and Mrs. D. R. Bohannon, Charlotte Hambrook, Esther W. McKee, and Herbert McKee, all of Indianapolis; Mr. and Mrs. E. B. Mahin, Mr. and Mrs. J. O. Moore and family, Mr. and Mrs. Jerome Mahin and family, all of Newcastle; Miss Belle Bebout, Mr. and Mrs. Claude S. Fletcher, Mr. and Mrs. Russell Hilligoss, Mrs. Laura Hilligoss, all of Shelbyville; Mrs. Fred Loewenberg of Memphis, Tennessee; G. Bryant of Milton, Ind.; A. H. Newbold and son Harvey of Louisville, Ky.; Ed Miller and family, Violet McKee, Ethel Miller and Mr. and Mrs. C. E. Newbold of Bentonville, Ind.

### MR. ROOSTER'S ADVICE

IT WAS raining very fast and all the hens and chickens were sitting under the bushes at one corner of the yard waiting for the rain to be over, for each knew the worms would then be easier to find.

Old Mr. Rooster was watching with the rest of the family. He had lived at the farm longer than the others and so was considered very wise and was very much respected.

The hens taught their chicks to look upon old Mr. Rooster as their protector and as one to be listened to in all things.

When the rain was over young Mrs. Hen jumped up to scratch for worms.

before the others came from under the bushes.

She was lucky enough to get a very large one the first scratch, but before she had it dragged from the ground out ran all the others and began to tug and pull until in the end no one got the worm.

"Now, what a silly family I have," thought old Mr. Rooster, who had not run with the others. "All so greedy that not one of them had a bite. I must talk to them and tell them how silly they are."

In spite of the worms, when Mr. Rooster called his family they all came running to see what he wanted.

"I want to give you some advice," he said, "the worms will be very thick after the rain and easy to find, but when one of you gets a very large one

I have noticed that all the other hens and try to get it and in the end no one has anything to show for the struggle. "Now, my advice is that each one of you scratch for yourself and let your neighbor alone, even if he or she has a larger worm than you have, for if you drop the one you have found someone will come along and eat it and in the end you will be the loser."

Mr. Rooster strutted away feeling that he had done his family a great service and looking very important and wise.

All the fowl looked after him and no one moved until old Mrs. Hen said: "I wonder if old Mr. Rooster really meant what he said: I never saw any of our family that would not grab a big worm when it had a chance," and off she ran, followed by all the others, for they well knew that old Mrs. Hen knew just where to look for the finest worms.

Now, it happened the old Mr. Rooster saw them all running and he saw Mrs. Hen ahead, so he, too, ran to see what was going on.

When they reached Mrs. Hen she was pulling from the wet earth a very fine large worm and every hen and chicken dashed to her side, but before anyone got a piece old Mr. Rooster flew over their heads with outspread and flapping wings.

He landed right in the midst of the struggling fowl and before old Mrs. Hen could collect her wits Mr. Rooster had the big worm in his beak and was running away.

Of course, no one saw him eat it and later all he said was that every time he saw a struggle he should take the worm, but he did not say what he should do with it.

"He ate it, my dears," said old Mrs. Hen. "I am sure of it, and he will take every one we find if he sees it, so we better be careful."

There was no more quarrelling among Mr. Rooster's family after that, and as he walked around the yard he said to himself, "You have to use force when they will not listen to reason, but that certainly was a fine, plump worm."

THE DROUTH

THE Drouth is a long, dry spell followed by a series of sharp explosions in the wheat pit. It is also followed by the agonized accents of the rural speculator who invested somebody else's money and was promptly punctured while reading up on the baseball scores.

The Drouth is caused by a total absence of rain in places where a little would go a long way. One of the strange and inscrutable mysteries of this fleeting life below is why the rain should fall with such fervor and exuberance in the spring of the year, when everybody wants to plant corn or try out a new automobile, and then as soon as summer opens up withdraw from the immediate vicinity and allow everything to dry up but the political orator. In the spring it is harder to head off a soaking rain than

Not enough rain will fall to properly water one perspiring citizen.

It is to discourage a visiting collector who is accustomed to speak without notes or mercy, but just as soon as hot weather sets in and raises large, luminous blisters on the common people not enough rain will fall to properly water one perspiring citizen.

A Drouth which has not been advertised in advance is a big asset to successful gambling on the price of December corn, wheat and other breakfast foods. Many a man has bought a few million bushels of No. 1 wheat long before it began to peep shyly from the ground, in the hope that a double-headed Drouth would cause it to wither from the ankles up, and has been gratified to such an extent that he could pay his barber bill for the first time since his marriage. Thousands of men who bet on the price of wheat, however, are now living in peaceful seclusion at the expense of an industrious father-in-law, the ratio of plungers who beat the game being about the same as that which holds good in bucking a slot machine.

The Drouth is a very uncomfortable article to live with, but it is easier to get along with than some people, for which let us give thanks.

**Remarkable Orchids.**  
Many orchids present imitations so striking as to be positively weird. For instance, there is the variety called the "butterfly," which when in bloom looks as if big gaudy-winged insects hovered over it. The "bee" orchid, the "spider" orchid and the "lizard" orchid are equally remarkable. One species bears a flower in the likeness of a grinning monkey; another suggests the aspect of an opera dancer suspended by the head.

### 3 DOCTORS AT CARTHAGE

Two more doctors, in addition to the Kennard physician who recently began practicing there, have located in Carthage. They are Dr. Bills of Fortville and Dr. George B. Jones, formerly of Rushville, who have formed a partnership. Dr. Jones was in the army 16 years, having risen to the rank of a lieutenant-colonel during the war. He was with the 7th Division medical corps and saw services overseas, part of the time at the front.

FRECKLES

WITHIN the last few weeks several dozen requests have come to me from different parts of the country, to explain the reason for freckles, and to give some advice upon their prevention and treatment. Many people think that it is the heat of the sun's rays that cause freckles. Scientists have found out, however, that it is not the heat but the light from its electric rays—called its actinic rays—which develops these small blotches. In hot countries, these are stronger than in cold climates.

Now, neither blue nor white veils are protection against these, as the electric rays pass directly through these colors. On the other hand, red

Freckles Are Easier to Prevent Than to Cure.

reflects them, so red veils would be an absolute protection. But red would be too hard on the eyes to make such an accessory practical. Reddish brown is a good choice.

Massage will tend to prevent freckles, for massage will keep the skin clear of blemishes. A skin well powdered and rubbed with cream will come off unfreckled from exposure. Orange flower, elder flower or cucumber water will bleach freckles. But termilk will bleach them on some skins. A French doctor says that if the skin be rubbed nightly with the white of an egg beaten to a froth and mixed with an equal proportion of sweet almond oil, that the texture will stay white and wrinkles will be warded off for many years. This mixture will bleach freckles if after the morning bath this solution is also rubbed into the skin—

To a hundred grammes of rose water add five grammes of borax—this latter just kitchen borax, if you can get the proper measurement. Ten grammes of spirits of camphor are added next—every medicine chest likely contains this—and five grammes of tincture of benzoin. This last is added to close the pores of the skin.

These are all simple ingredients, usually found in every medicine cabinet, and they will keep the skin smooth and soft and free of blemishes.

### Amusements

#### "Please Get Married"—Princess

"Please Get Married" is the intriguing title of the Screen Classics, Inc., photoproduction starring dainty Viola Dana that is booked as the feature attraction at the Princess Theatre today and tomorrow. The picture is an adaptation of the riotous farce by James Cullen and Lewis Allen Browne that was produced on the stage in New York by Oliver Morosco, and enjoyed a run of six solid months.

The plot of this comedy is described a most adroit. It has to do with the honeymoon of an adoring young couple who, through a combination of embarrassing circumstances, are interrupted as often as they attempt to spoon.

In the first place, it turns out that a burglar, and not a parson, performed the ceremony and it is only after the pair of youngsters have left on their bridal tour that the bride's parents learn the astounding fact that they may not be married at all. They set out in pursuit, but the newlyweds have a head on them, and a great number of unusual adventures befall them in the little mountain hotel where they seek shelter and solitude.

#### Today and Tuesday at Mystic

Confirmed bachelors, social-climbers, designing mamas, and all lovers of sparkling comedy-drama will revel in "A Fugitive From Matrimony", H. B. Warner's latest picture being shown at the Mystic today.

This is a society-drama, the kind that Warner scintillates in, and in which he has a type of role that made him famous on two continents.

The perplexing and embarrassing situations in which a marriage shirker finds himself when, after exchanging clothes with an escaped convict on a generous impulse to further his escape, taking refuge in a fashionable country home, he is discovered in a young lady's bedroom forced into an engagement with her to save a compromising situation; accused of being an escaped convict; suspected of the theft of the family jewels; and finally becoming involved in a miniature riot in a den of thieves, from which he rescues the girl; all make for a comedy-drama of thrills and laughs.

When that eminent character-actor, Frank Keenan, decided to form his own producing organization, tremendous interest was aroused among lovers of the best motion pictures. Local "fans" will be granted the privilege of witnessing Mr. Keenan's initial "independent" feature, "The Master Man", when it is shown at the Mystic theatre on Tuesday. "The Master Man" is described by critics who know as one of the most splendid pieces of character delineation ever achieved by this greatest of all American character-actors. It is a story of politics and love, of tremendous self-sacrifice, of a Samson shorn of his power by his own acts and conscience.

## ENGAGED COUPLES STUDY EUGENICS

In Kent a Summer School of Eugenics Opened With Young People Taking a Great Deal of Interest

## SOME ENGAGEMENTS BROKEN

School Teachers Heredity, Biology, Psychology and Social Application of Eugenics

Herne Bay, Kent, (By Mail)—Numbers of engaged couples have applied for admission to the Summer School of Eugenics just opened here.

They will be instructed in heredity, biology, psychology and the social application of eugenics.

Couples who came down here this summer with the frivolous intention of enjoying themselves, are being lured into serious discussions of each other's suitability, and some quite advanced engagements are being broken off.

For instance, one young man consulted the school regarding his fiancée who had a deplorable habit of ejaculating "D—n!" everytime she lost a stroke at tennis. Bad language he learned was not hereditary but it was certainly "anti-social", and it evidenced a lack of self-control which undoubtedly was due to heredity. Then the young man took to weighing up one or two actions of his impending father-in-law and decided there was too much heredity to fight against. So he withdrew his credentials, asked for the ring back and got a real eye opener as to what the beloved could do in an emergency so far as language was concerned.

Since then he has been patting himself on the back for his far sightedness in studying psychology.

In the new school, love is a thing which matters little. The impassioned torrent of words which fell from the old-time lover's lips, now boils itself down to.

"What did your grandmother die of?"

## CONFERENCE OF RED CROSS SEPT. 9

Representatives From Chapters to Meet in Cincinnati to Discuss Peace Time Work

TO BE HELD AT HOTEL SINTON

Ohio, Indiana and Kentucky to Have Special Exhibits in Conference With the Meeting.

Representatives from all Red Cross chapters in Ohio, Indiana and Kentucky have been invited to attend an important conference in Cincinnati, Ohio, September 9 and 10 when the peace time work of the organization will be discussed from a local, divisional and national point of view.

Starr Cadwallar, manager of Lake Division says, "The conference is planned to inspire and encourage the chapters and branches which have taken up peace time activities and to give definite help to those which need advice in carrying out plans for the future."

Headquarters of the conference will be at the Hotel Sinton. The first session will be at 2 o'clock on the afternoon of September 9, continuing through a dinner session and evening meeting and resuming the following morning. Frederick C. Monroe, general manager of the American Red Cross at National headquarters will be the principal speaker Thursday evening. Other national headquarters representatives will include Dr. E. A. Peterson, director of health service, James N. Rule, director of Junior Red Cross, M. G. Scheitlin, director of the Fourth Roll Call, Miss Ida F. Butler, of the Department of Nursing. Col. Peter Traub, commandant of Fort Thomas, Ky., Lewis Herbst, district vocational officer, Cincinnati, Vernon Reigel, Ohio State Superintendent of Schools, and George V. Colvin, superintendent of public instruction in Kentucky are to be on the program, each speaking on some phase of Red Cross work today.

Special exhibits are being arranged by division headquarters, in connection with the meeting. Cincinnati Chapter is planning to demonstrate a Child Welfare Clinic and the division department of health service will have a complete health center in operation dispensing literature on disease prevention.

The Ohio Home Service secretaries' conference will have meetings Thursday afternoon and Friday afternoon when their problems will be up for consideration. Home service secretaries from Indiana and Kentucky have been especially invited to attend these meetings.

In the opinion of Lake Division headquarters, this conference is the most important one which has called together Red Cross people since the signing of the Armistice. It is expected that a large majority of the division's 345 chapters will be represented.

Thursday evening a pageant entitled "The Red Cross of Peace," will be given by members of Cincinnati chapter. Mrs. Ruth Mouney Worrell of Dayton, Ohio, joint author with her sister, Mrs. Helen Gordon of Cleveland, Ohio, of the pageant, is training the participants.

## LEGION COMMANDER HOME

Col. Gignilliat and Boy Scouts Have Returned From Europe

Indianapolis, Ind., Sept. 6—Colonel Leigh R. Gignilliat state commander of the Legion, and commandant of the Culver Military Academy, was aboard the U. S. S. Patoika, with the Boy Scouts. He was one of the men who had charge of the Scouts during their entire trip to Europe and return. He left Indiana soon after he was elected state Commander by the state convention at Vincennes in June. A number of items of executive business are to be cleaned up soon after his arrival at state headquarters in Indianapolis in the next few days. Some important committees, among them the Americanism committee will be appointed.

Colonel Gignilliat was met in New York harbor by a party of Legion men who went out to meet the Patoika in a launch.

Iodine, the most important by-product of the nitrate industry, is extracted from the liquor which remains after the nitrate has been precipitated. Although some sodium iodate is contained in practically all caliche, iodine is produced by only a portion of the nitrate companies, and the output of these companies is carefully regulated by a producers' trust, in order that the limited market may not be overstocked.

## TENT IS ERECTED AS FIELD HEADQUARTERS

Full Car-Load of Paraphernalia Being Used by G. O. P. at State Fairs Reaches Indianapolis

SPEECHES ON PHONOGRAPH

Indianapolis, Ind., Sept. 6—Workmen today erected the big tent that is to be used for field headquarters of the Republican state and national committees at the Indiana state fair which opened here Monday. A full car-load of paraphernalia, which is being used by the G. O. P. at the state fairs throughout the middle west, was shipped here from the Ohio state fair.

Two attractions daily, a matinee and an evening entertainment, are to be given at the tent. Dr. Samuel Blair, of Chicago, a prominent lecturer; Mrs. Paul Rewman, of Deadwood, S. D., a leader among Republican women in her state; and N. O. Naramore of Chicago, are speakers who will be heard at each entertainment.

Speeches by Senator Harding and Governor Coolidge will be reproduced on a phonograph, and films showing the interesting parts of Senator Harding's life will be shown.

Frank Flinn, the national committee's representative with the tent, stated that the Republican tent had been a great attraction at every fair at which it has been located. There has been a tremendous demand at the tent for Harding and Coolidge buttons, literature and lithographs, he said.

"We have been at the Missouri, Ohio and Illinois state fairs in the last few weeks," said Flinn, "and from my observations at these fairs, where throngs from every part of the various states gathered daily, the middle west is strongly Republican. The party leaders in these states declare they are assured of victory."

## ACT QUICKLY

Do the right thing at the right time.

Act quickly in time of danger. In time of kidney danger, Doan's Kidney Pills are most effective.

Plenty of Rushville evidence of their worth.

Mrs. Lizzie Borem, 840 W. Ninth St., Rushville says: "About six years ago I began to have trouble with my kidneys. What bothered me the worst was my kidneys acting irregularly and they showed in a number of ways they were badly disordered. I was told I had gravel. Hearing some one else had been cured by Doan's Kidney Pills, I got a box at Wolcott's Drug Store. They helped me at once and after I had taken four boxes, the pain had left and I felt a great deal better."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Borem had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.—Adv.

## THREE-FOURTHS VOTERS REGISTER

This is Estimate Placed on Saturday's Registration Today, Before Returns Are In

### WOMEN ABOUT EQUAL THE MEN

In Precinct No. 10 in Rushville They Outdistance Men by 125 to 115—Few Clerks Report

Early official returns today from Saturday's registration, together with unofficial reports from various precincts, caused a number of persons in touch with the situation to hazard a guess that seventy-five percent of the men and women of voting age in the county qualified for casting a ballot on November 2.

Indications were that the men outnumbered the women in registering, but not very much. In one precinct, the clerks of which made a report to the auditor's office this morning, there were fifteen more women than men on the registration books.

This was precinct No. 10 in Rushville township. Out of a total of 235 registering, 110 were men and 125 were women. The registration place for this precinct was the Poundstone building, corner of Morgan and Third streets.

Four hundred and twelve voters, both men and women, registered at Irvin's garage, precinct No. 2 of Rushville township. In this precinct the registration was exceedingly heavy because there are only 475 voters on the poll books.

Out of a total of 368 registering in precinct No. 2 of Posey township, the clerks of which reported at the auditor's office this morning, 127 were women and 151 were men. There are approximately 390 voters in the precinct, leaving 112 yet to register.

In precinct No. 2 of Washington township, from which a report was received at the auditor's office this morning, 81 of the 200 registering were women and the balance, 119 were men.

It was unofficially reported that all but 75 of the voters on the poll books in precinct No. 5 in Rushville township registered Saturday. This is one of if not the largest precinct in the county.

Both political parties will begin a drive at once to get every voter who did not register Saturday, qualified for voting by next registration day, October 4. It is very likely that the next registration day will be "soft" for the clerks because the political parties will attempt to have all registered on blanks provided for the purpose before that time.

Just as soon as returns are received from all precincts, a list of registered voters will be made at the auditor's office for each political party, and in this way the managers can check up and determine who must be seen before October 4.

## FUR SALESMAN RELEASED

Peddler Is Found to Have Complied With the Law.

The man arrested Saturday afternoon charged with being a transient merchant and selling without first having obtained a ten days' county license, was given a hearing in police court, and the case was dismissed by Mayor Irvin, when it was found that he was not a transient merchant, but a house peddler, and was selling under a city license which he had previously obtained. Two kinds of merchants

The law distinguishing between the two kinds of merchants is very vague, and because local merchants objected the arrest was made before an investigation. The man was selling furs.

## CONSPIRACY TO WRECK TRAIN

## NOW HAS TWO MASTERS

Sport, Innocent Coon Dog, Loses One and Gets Out of Court.

Sport, the innocent dog that involved three owners, is now the property of two masters, Bert O Neal and Paul Davison. Sport is a valuable coon dog and because he was owned by three men, was placed in jail on two occasions when the three owners had a dispute over him. Each partner claimed that they owned \$27.50 in the dog, and Saturday Paul Davison purchased the one-third interest from Gurney O Neal, and the custody of the dog was given over to Davison by O Neal. The matter is now settled, and costs in the case amount to \$15, which makes the dog slightly more valuable than he was before.

## LIFELONG RESIDENT OF THE CITY DIES

Elijah Pea, Age 70 Years, Expires at Home of His Son, Chase Pea, Saturday Night.

### FUNERAL TUESDAY AFTERNOON

Elijah Pea, a lifelong resident of this city, and well known cement maker and laborer, expired Saturday night at the home of his son, Chase Pea, in West First street, after an illness of several years with heart trouble and other complications.

Death came at 10:30 Saturday night, and was not unexpected as he had previously been in a serious condition for several days. He was 70 years old at the time of his death.

Mrs. Malinda Pea, wife of the deceased, expired a few weeks ago while on a visit with a daughter in Chicago, and was buried here. Mr. Pea was a member of the Main Street Christian church, having been baptized a week ago today.

The deceased is survived by four children, who are Mrs. Maude Jones of Louisville, Ky., Mrs. Rena Jackson of Nashville, Tenn., Chase and Ed Pea of this city. The funeral will be conducted tomorrow afternoon at the residence of his son Chase and burial will be made in East Hill cemetery. The Rev. L. E. Brown will have charge of the services.

## FRANK DEMAREE SAID TO HAVE COME BACK

One of Defendants in Conspiracy Case May Be Arrested Soon, It Is Reported.

### GREENSBURG CHIEF HERE

A further arrest in the Demaree gang was expected to be made today or tomorrow, when Chief of Police Taylor Meek of Greensburg received a "tip" yesterday morning that Frank Demaree, a fugitive from justice, was again in Greensburg, staying with different relatives.

Frank Demaree is said to be implicated in several robberies in Decatur county and also in this county, and is a brother of the Demaree brothers who faced trial in this court last spring on a conspiracy charge. Seven defendants were named in a conspiracy charge and Frank Demaree was among them, but made good his escape while the officers were arresting other members of the gang.

Chief Meek was in Rushville yesterday and stated that the officers there would probably place him under arrest today, and that he would be brought to Rushville to face the conspiracy charge. Gregg Alvey, also of Greensburg, will go on trial in the circuit court here Wednesday, being one of the seven defendants in the case.

Miss Marian Sparks has gone to Marion, Ind., where she will be an instructor in Latin in the high school of that city.

## Watson and Harding Will Have Twofold Reason for Celebrating

They Will Not Only Observe Birthdays Together Nov. 2, Election Day, But Will Also Hear Returns They Expect to be Favorable.

### JOINT CELEBRATION A CUSTOM

Two United States Senators are looking forward to birthday presents in the shape of majority votes in the November elections. They are Senator Warren G. Harding, the republican nominee for president; and Senator James E. Watson of this city candidate for re-election. The birthdays of both men fall on the same day—November 2—which happens to be election day this year.

For the last four years the two senators, with their wives, have observed their anniversaries jointly at the Harding or Watson homes in Washington. This year Senator

Harding has invited Senator Watson to bring Mrs. Watson to Marion to eat birthday cake and hear the returns between times.

Neither senator can see any reason why this should not be a most joyous birthday for each. Senator Harding believes that there is no obstacle to the usual celebration and the Indiana statesman is confident of his re-election; and, therefore, is sure that he and his Ohio friend will have double cause for celebration.

The first dinner was given at the Harding home and the next by Mr. Watson. Since then they have alternated and this is the Harding turn. The wives of the senators, who are also very close friends, are the only hidden guests at these dinners.

Recently Senator and Mrs. Watson were guests at the Harding home and preliminary plans for the 1920 birthday dinner were made on that occasion.

## CANDIDATES HAVE BUSY DAY TODAY

Most of Them Have Several Hours Overtime Pay Coming to Them on Labor Day

### COX SPEAKS AT MINNEAPOLIS

Sen. Harding to Speak From Front Porch to an Audience of Neighbors and Visiting Delegations

(By United Press)  
New York, Sept. 6.—Labor Day today was no holiday for presidential and vice-presidential candidates. Most of them will have several hours' overtime pay coming to them, if they collect according to union scale.

Governor James M. Cox, democratic nominee, was on the program for an address at the Minnesota State Fair grounds, Minneapolis.

Senator Harding will speak from his front porch at Marion, Ohio, to an audience of his neighbors and visiting delegations.

Eugene V. Debs, candidate for president for the fifth time on the socialists' ticket, was expected to make a Labor Day statement from his cell in the Atlantic federal penitentiary.

Franklin D. Roosevelt, democratic candidate for vice-president, will speak at a Labor Day celebration in Prospect Park, Brooklyn.

Samuel Gompers, though not a candidate for office, will, as president of the American Federation of Labor, have a message for organized labor in his address at a Labor Day celebration in Columbus, Ohio. The burden of Gompers' address, delivered in the capital of a disputed state and the home of three candidates, will be political, it is believed.

## TO FIX GRAVEL ROAD LEVY

Commissioners Meet Today and County Council Comes Tuesday

The county commissioners, at their regular monthly meeting today, allowed the usual claims and this afternoon expected to fix the gravel road tax levy for next year. They were also making preparations for the annual meeting of the county council, which will be held tomorrow for the purpose of making appropriations to carry on the business of Rush county in 1921.

The county commissioners have already prepared the budget of estimated expenses for next year, which has been published. It will form the basis for the appropriations by the county council.

## HEAR FIRST COAL INJUNCTION SUIT

Three Judges on Federal Bench Hear Arguments to Test Validity of State Control of Mines

### ALL ARE OUTSIDE JUDGES

Miners Object to Having Mines Operated Under State Supervision—First of Its Kind

Indianapolis, Ind., Sept. 6.—Three federal judges today heard preliminary arguments in the suit of the American Coal Mining Company of Brazil, asking an injunction to prevent enforcement of the law providing for state control of the coal industry.

This was the first suit filed to test the validity of the law under both the federal and state constitutions. The second was by the retail dealers.

Both ask injunctions to restrain the State Board of Accounts as the administrative body from enforcing the law on the ground that it is unconstitutional.

Judges F. E. Baker, of Chicago; E. A. Evans of Baraboo, Wis., and F. A. Geiger of Milwaukee were to sit in the case.

It was expected that when the court convened this morning that the defense would ask that the suit be dismissed.

Attorneys for the operators will ask for an interlocutory injunction which would render the act inoperative pending final decision in the case in the event that the motion to dismiss the injunction suit is overruled.

The defense was represented by James W. Neel and Howard S. Young counsel for the commission and Attorney General Ele Stansbury.

## FOUR CONCERNS OF CHICAGO INDICTED

(By United Press)  
Chicago, Ill., Sept. 6.—Four Chicago concerns were indicted by a federal grand jury here today, charged with profiteering in sugar.

The indictment included officials of the concerns.

The indictment specified the companies sold sugar at a profit as high as 100 per cent. They charged two companies, as brokers, making excessive commissions.

Henderson Taylor and Company who acted as brokers, were charged with selling sugar to George Van Camp and Sons company at Westfield, Indiana, 700 pounds of sugar at a one cent commission. The legal rate was 1 percent.

They were also charged with selling 1,000 pounds to the Pollard Packing Company of Marion, Indiana, at one percent commission.

## TRAFFIC POST DEMOLISHED

Traffic Post at Morgan and Second Streets is Struck Again

The traffic post at the corner of Second and Morgan streets was again the scene of an automobile accident early Sunday morning, when a machine coming east on Second street struck it at full force, and this time putting the post out of business, and probably depleting the machine. The crash came at two o'clock, according to people who live in that neighborhood and the traffic post was found several yards down the street. The machine was stopped a half block from the street intersection, and so far as was learned today, the occupants were uninjured. The traffic post weighed 600 pounds and has often stopped machines, only a week ago, it tore up a Ford touring car at the same hour in the morning. No light is displayed on the post.

## WEATHERMAN ACTS DECENT FOR ONCE

County Base Ball Day Expected to Attract Immense Crowd to City This Afternoon

### DOUBLE HEADER ON THE BILL

The weather man smiled kindly today for the baseball fans of Rush county, and one of the biggest days in the history of baseball was to take place this afternoon when teams from Arlington, New Salem and Rushville were to take part in a double header on the West Third street ball diamonds.

The Tail Lights were to figure in both games, meeting the New Salem team at 1:30 and immediately following were to play the Arlington Red Sox. Manager Conway is confident that his team will defeat New Salem, and will save his best for the Arlington game, as it is reported that they are coming loaded, and expect to win.

Plummer will pitch against Arlington and in case he is right, the Arlington team will find out what they are up against. Baseball fans from all parts of the county began to arrive at noon, and most of the business houses were expected to close at noon, in order that the employees could take part in baseball celebration.

## ALVEA FILES MOTION FOR A SPECIAL JUDGE

Defendant in Conspiracy Case May Delay Trial Set For Wednesday—Court Opens

### JURY CALLED FOR TOMORROW

Circuit court convened this morning for the September term, and most of the morning was devoted to the calling of the issues. The first case is scheduled for trial in the morning, when Thomas Kline of Connersville goes on trial for violating the speed ordinance here this summer. The case was appealed from the police court by the defendant.

The jury has been called for service tomorrow and will probably be used all week in different cases. Frank Hamilton, an attorney of Greensburg, representing Gregg Alvey, this morning, filed a petition with the court for a change of judge in his case.

Alvey is scheduled to go on trial Wednesday, on the charge of conspiracy in connection with the Demaree gang, and a delay may be caused by asking for a change of judge. At the present time Alvey is out on \$5,000 bond which he provided for his appearance in court. The docket will be heavy for the new term of court, as is generally the case following the summer vacation. Approximately 80 civil cases and suits were filed during the summer vacation.

## TRUDDING BACK TO SCHOOL TODAY

Children of County Reach End of Vacation Time and Return to Their Work

### FULL CORPS OF TEACHERS

Principals of Consolidated Schools Are Announced—Shortage of Teachers Not So Bad

The school children of Rush county trudged back to school today. Every school in the county opened the year's work today, including the Rushville public schools.

A few township schools will have an eight months term this year for the first time, on account of the teachers' minimum wage law passed by the special session of the legislature which provides a minimum of \$800 a year for school teachers. This will have the effect of keeping the school in session eight months. Although some difficulty was experienced by school officials this year in obtaining teachers, the shortage of teachers was not so troublesome as last year, when some of the schools opened with a short teaching force. The schools all have a full corps of teachers when they opened this morning and there is not believed to be a teacher in the county who will not receive a higher salary this last year.

The teachers for the Rushville schools have already been announced. At Milroy, George F. Bugbee succeeds Charles F. Urdike as principal of the Anderson township school. Mr. Bugbee served as a major in the war and finished out last year as principal of a school in Wayne county.

Roland H. Glenn will be principal of the Orange township consolidated school, succeeding John Geraghty of this city, who becomes principal of the Webb school in Rushville township. Last year Miss Anna Holton was principal of Webb's school, and after her retirement, Miss Pearl Elliott became principal.

W. R. Wagoner returns as principal of the Posey township consolidated school at Arlington. While in Rushville Saturday afternoon he announced the list of teachers for Arlington as follows:

Hazel F. Meloy, principal of the senior high school; C. M. DeMunbrun, principal of the junior high school; Jean Carr, English; Mary Foster, commercial subjects; Opal Scrapper, music, art and home economics; grade teachers—Mary Mettaker, 6th and 7th grades; Lettie Wood, 4th and 5th; Flossie Irvine, 2nd and 3rd; Mary Johnston, 1st and 2nd; Sue Woods, No. 1; Bertha Moore, No. 9.

Floyd Miner, a former Carthage man, goes to Manila as principal of the Walker township school, having been superintendent of the West Baden schools last year. C. G. Vernon, who was the principal last year accepted a position in Illinois this year.

John E. Goode returns as principal of the Center township school and Nellie Myers will be principal of the two-room school at Mays.

L. E. Dyer, who was assistant principal of the Ripley township schools at Carthage last year, becomes principal this year, succeeding

## HAS 14 DAY SUPPLY NOW

Coal Situation is Relieved With Arrival of Another Car Saturday

Superintendent A. T. Mahin of the city water and light plant stated today that a 14 days' supply of coal was on hand now, with the arrival of another load of coal late Saturday afternoon. At noon Friday the situation looked up serious, when only a 13 hours' supply was on hand, but late Friday two cars were placed here, and the additional car Saturday night makes the situation here much easier. Most coal is being purchased by the city on the open market, and costs from \$7.00 to \$8.00 a ton, which is an exorbitant price to pay for the fuel of the city. The plant's coal supply is not available.

Sneezing and sniffing warn you of an approaching cold and may be first signs of Grippe or Pneumonia.

Need these symptoms not next day or when they develop, but at once, take Ker-Choo. It has been shown by experts that these symptoms are absorbed through the skin and when inhaled are absorbed by the lungs, but it is shown also that inhalation is very dangerous, even in small quantities, especially when there is any disease of the respiratory system.

Ward Politics

It has been frequently remarked that Governor Cox's tactics thus far in the campaign breathed of ward politics. He has neglected to stress very much the real issues of the campaign and has sky-rocketed on the campaign contributions, much to the disgust of his own followers, but since Mr. Murphy, Mr. Nugent and Mr. Taggart have decreed that he shall stir up a fuss in this direction, we will probably have to put up with it until Nov. 2. Gov. Cox said in Kalamazoo that he intended to reiterate his charges until election day, and judging from past performances, one is led to believe that he may.

Commenting on this subject and the unbecoming conduct of Gov. Cox the New York Sun and Herald speaks as follows:

There is a mighty difference in the measure of culpability of a cheap, sharp little ward politician attempting to mislead the public by distortion and misrepresentation and a like distortion and misrepresentation by a Presidential candidate.

Anderson man suffered daily from Rheumatism, pains over kidneys, lazy liver, constipation and weak stomach. Obtained first relief in over a year after taking three bottles of Drecto, the root herb medicine.

"My left arm was so painful and swollen that I could not raise it above my head, my whole system seemed full of rheumatism and every joint and muscle was sore and stiff," said Mr. Herman Hollaway of East 28th Street, Anderson, Ind.

"My bowels were daily constipated and my liver quite sluggish which often gave me a dizzy feeling and headaches. I had to be careful about my eating or I'd suffer afterwards from gas in my stomach and griping pains. I was so nervous I couldn't sleep sound."

"I've finished my third bottle of Drecto and it's the first time in a year I've been free from pain. My arms, shoulders, knees and ankles are no longer swollen or painful and my back is supple so I can bend over at will. My bowels act regular, liver has been cleansed so that I never get dizzy. I sleep sound and my stomach is free from gas and nausea. Drecto has done a lot for me and I don't hesitate to speak a good word for it."

THE TRUTH ABOUT ENVY.

I like to see the flowers grow.  
To see the pansies in a row.  
I think a well-kept garden fine,  
And wish that such a one were mine.  
But one can't have a stock of flowers  
Unless he digs and digs the hours.

My ground is always bleak and bare,  
The roses do not flourish there,  
And where I once sowed poppy seeds  
Is now a tangled mass of weeds.  
I'm fond of flowers, but I admit,  
For digging I don't care a bit.

I envy men whose yards are gay,  
But never work as hard as they;  
I also envy men who own  
More wealth than I have ever known.  
I'm like a lot of men who yearn  
For joys that they refuse to earn.

You cannot have the joys of work  
And take the comfort of a shirk.  
I find the man I envy most  
Is he, who's longest at his post.  
I could have gold and roses too,  
If I would work, like those who do.

Just Who is the Poor Man?

Mr. A. earns \$6,000 per year. His plane of living is such that it costs him every cent of the \$6,000 to live—in fact, if the truth were known, he always counts the coming month's income necessary to meet the past month's bills.

Mr. B. earns \$3,000 per year. He and his wife were reared to believe that to be happy and successful they MUST live well within their income. Every month \$40 goes into their savings account. It is now nearly 4 years since they were married. Their bank balance is over \$1,600.

# LUCKIEST DAY OF HIS LIFE, DECLARES GRAY

Indianapolis Man Says He Spent Six Years in Search For Relief From Rheumatism and Stomach Trouble.

"If I had only known about Tan-lac sooner it would have saved me years of suffering and many a dollar, too," declared C. H. Gray, of 219 North Capitol Avenue, Indianapolis, Ind.

"I had been trying for six years," continued Mr. Gray, "to get relief from rheumatism and stomach trouble. I had no appetite and what little I did eat gave me indigestion and caused gas to form so bad on my stomach that I would bloat up as tight as a drum and could hardly get my breath. My whole body ached with rheumatism and my arms and legs became so stiff and sore I could scarcely get about. I was so weak and nervous that I never had a good night's sleep and would get up in the

morning feeling as tired as on the day I went to bed.

"I read in the papers about Tan-lac and decided to try it." The day I bought my first bottle of Tan-lac was the luckiest day of my life, for I commenced to improve with the first few doses and now after taking four bottles my appetite has returned and I can eat anything without having a sign of indigestion. The rheumatism has left me entirely, and I sleep like a log every night and get up mornings feeling fine and full of energy. I am more than grateful for what Tan-lac has done for me and will always recommend and praise it."

# HEMPSEY DEFENDS 'CHAMP' TITLE TO MAKE APPEARANCE

Heavyweight Championship Meets Billy Miske at Benton Harbor in 7th Round Scrap

ARENA SEATS 15,000 PEOPLE

Winner Will Receive \$50,000 and Lose \$20,000—First Fight Within 14 Months

By DON E. CHAMBERLAIN  
(U. P. Staff Correspondent)  
Benton Harbor, Mich., Sept. 6—For the first time since he won the championship from Jess Willard at Toledo, O., last year, Jack Dempsey will defend the heavyweight title when he meets Billy Miske of St. Paul in a ten-round bout here today.

Odds-favored Dempsey shortly before the fighters were to enter the ring at 2 o'clock this afternoon.

Dempsey has met Miske twice and claims the newspaper decision both times. Miske concedes the fact that Dempsey licked him at Philadelphia in the fall of 1918 but claims their ten round bout in May, 1918, at St. Paul was a draw. Both men expect to win today by a knockout.

Though the amount which the scrappers are to receive has not been made public the reports are that Dempsey's end will be \$50,000 and a percentage of the receipts over a certain amount. Miske, the same report states, will get \$20,000. The arena at which the fight is to be held will hold approximately 15,000 and with prices ranging from five to thirty dollars a seat promoter Floyd Fitzsimmons expects to make a nice cleanup.

Both men spent the three weeks preceding the bout training here. They claim to be in great form. Dempsey's followers expect him to head Miske the sleeping pill within the first five rounds. Miske's supporters believe that if the St. Paul boxer can stick five rounds he will knock out Dempsey.

Supporting Miske's belief that he will beat Dempsey is the statement of Jack Reddy, the former's manager, that Miske has been entirely made over and will enter the ring a 100 per cent piece of fighting machinery.

According to Reddy, in the bouts which Miske has met Dempsey, the St. Paul man was handicapped. Reddy claims that Miske has suffered from a curvature of the spine for years but now is completely cured. Miske, he says, gained one inch in height and added 15 pounds to his fighting weight. Both men are expected to enter the ring at from 190 to 200 pounds.

Both have been married. Dempsey is divorced. Miske has a wife and two children in St. Paul.

Dempsey is from Chicago. Miske is the son of a St. Paul policeman.

## FURNITURE TEAM WINS FROM FRANCIS 8 TO 4

Rushville Furniture Company Held Francis Team to Three Hits in Game Saturday

SCHMALL PITCHES GOOD GAME

The Rushville Furniture Company's baseball team defeated the Francis Company's team Saturday afternoon on the West Third street, by the score of 8 to 4. Schmall pitching for the winner allowed only three hits.

Both teams scored one point each in the first inning and the Rushville team made two in the third, two in the fifth and three in the sixth inning. A late rally in the ninth inning brought in three runs for the Francis team, but it was too late to overcome the lead which the Rushville team had established.

Schmall struck out ten batters while Yazel for the Francis team struck out nine. The Rushville team hit the ball hard for 13 times, but were unable to make good on all hits and made three errors, while the losers made four errors. Pease for the Francis team and O. Vansickle for the Rushville team each secured a three base hit in the game.

The score by innings:

1 2 3 4 5 6 7 8 9—R H E  
Rushville 1 0 2 0 2 3 0 0 0—8 13 3  
Francis Co. 1 0 0 0 0 0 0 0 3—4 3 4

Base on balls—Schmall 1, Yazel 2. Struck out—Schmall 10, Yazel 9. Errors—Rushville 3, Francis 4.

Time of game 1 hour and 15 minutes. Umpire—J. H. Hanks.

Tail Lights Were Checked for Game When Anderson Does Not Show up For Game

TICKETS ARE GOOD TODAY

A big crowd of baseball fans were disappointed yesterday afternoon when the Anderson Section failed to make their appearance and when three o'clock came, word from that city was to the effect that the team was enroute to this city, but at five o'clock no ball team had showed up yet and the crowd that was left was entertained by a scrub game between the former stars and the Tail Lights.

Manager Conway stated that all tickets sold for the game yesterday would be honored at the double header today.

At eight o'clock yesterday morning the game with Anderson was cancelled on account of the rain, but later in the morning when it cleared off, the team was told to come, and there evidently was a misunderstanding, although the word from Anderson at three o'clock stated that the team left there at noon in automobiles.

Chicago Cubs Officials is Investigating Loss of Game to Philadelphia Tuesday

PLAYERS UNDER A CLOUD

Chicago, Ill., Sept. 6—Charges that the players of the Chicago cubs base ball team were the cause of the Philadelphia team winning here last Tuesday, is under investigation by officials of the club, William Veeck, president of the club announced.

He said he received several telegrams and long distant telephone calls before Tuesday that gamblers with much money would be on hand betting that Philadelphia would win and said he put Gover Alexander pitcher, in the box to spoil the alleged plot.

Alexander pitched a great game but lost by the score of 3 to 0.

A \$50 bonus was offered Alexander by Veeck if the Philadelphians were defeated.

Veeck has called a meeting of the baseball reporters of the Chicago newspapers to select a committee of three to investigate the whole matter. He said he would defray all expenses.

Campaign Emblem.  
So far as can be learned, the first emblem was a finger ring of copper. This was worn by the adherents of John Quincy Adams in 1824 when he ran for president and was inscribed "John Quincy Adams, 1825."

The Rebekah Crochet will be entertained Wednesday afternoon at the home of Mrs. J. H. Havens in West First street. All the members of the club are invited to attend.

The second annual reunion of the Johnson family will be held Sunday, September 12, at Lake Johnson's home near Plum Creek. All members of the families are invited to attend.

Miss Nona May French, daughter of Mr. and Mrs. Joe French, and Earl B. Newman, son of Mr. and Mrs. Charles Newman, both of this city, were married at St. Paul's M. E. parsonage Saturday afternoon at three o'clock by the Rev. Clyde S. Black. They will reside in Rushville.

The regular meeting of the Pleasant Ridge Ladies Aid Society, which was to have been held Wednesday afternoon, has been postponed until Wednesday afternoon, September 15. At this time the society will be entertained at the home of Mrs. L. H. Krammes, living southwest of the city.

Several Rushville people attended the McCarty family reunion which was held yesterday in Greenfield at the home of Mr. and Mrs. Robert W. Brooks. Among those from here were Mr. and Mrs. P. A. Newhouse, Mr. and Mrs. L. J. Cline, Mr. and Mrs. G. P. McCarty, Mrs. J. B. McCarty, Mrs. Pearl Bell and Mr. and Mrs. Ithamer McCarty.

The piano pupils of Miss Hazel Morris gave a recital at her home in East Sixth Street Saturday evening. Following the program, there was a social hour during which light refreshments were served. Among the guests were Mr. and Mrs. T. G. Richardson, Mr. and Mrs. Clarence Carr, Mr. and Mrs. Frank Stamm, Mr. and Mrs. Bert Heaton and Miss Georgia Morris.

The Ladies Aid Society of the St. Paul's M. E. church will be entertained Tuesday afternoon by Mrs. Manley Pearce at her home, 1102 North Main street. Mrs. Pearce will be assisted by Mrs. Ned Abrahams and Mrs. Mary Gorman. The meeting will be the last for this year and a full attendance is urged. The election of officers will also be held at this meeting.

Mr. and Mrs. Clarence Daubenspeck entertained with a three course dinner party yesterday at their home northeast of the city. The guests were Mr. and Mrs. Lynn Vickery, Mr. and Mrs. Lowell Vickery and son Lawrence, Mr. and Mrs. Virgil Vickery and son Moll Warren, Mr. and Mrs. Lloyd Nelson and family, Mr. and Mrs. Ah Ging and Mrs. Cora Rea and Mrs. Charlotte Kirkpatrick.

The first annual reunion of the Harold and Hays families was held at the Dunreith Christian church Sunday and was attended by about one hundred members of the two families. The next reunion will be held the third Sunday in August, 1921 in a grove a short distance northeast of Dunreith. Joel M. Harold of this city was elected president of the reunion association which was formed and Frank Harold of Muncie was elected secretary.

The thirteenth annual reunion of the Land family met at the city park yesterday and enjoyed a good social time. A sumptuous dinner was served at noon to ninety-two relatives and friends. Relatives were present from Greenfield, Knights-town, Indianapolis, Brewersville and many points in Rush county. The reunion will be held in the same place next year the first Sunday in September. J. S. Land of Knights-town is president of the association and Linnie Land of this city is secretary-treasurer.

Rice Bishop was delightfully surprised yesterday by a number of his friends with a pitch-in dinner at his home northeast of the city. The affair was in honor of his 28th birthday. Those who enjoyed the day with Mr. and Mrs. Bishop were Mr. and Mrs. Bert Davison, Mr. and Mrs. Cliff Winslow and daughter, Mr. and Mrs. Pete Hollowell, Mr. and Mrs. O. M. Horton, Mr. and Mrs. D. M. ## THE SANDMAN STORY

### MR. ROOSTER'S ADVICE

IT WAS raining very fast and all the hens and chickens were sitting under the bushes at one corner of the yard waiting for the rain to be over, for each knew the worms would then be easier to find.

Old Mr. Rooster was watching with the rest of the family. He had lived at the farm longer than the others and so was considered very wise and was very much respected.

The hens taught their chicks to look upon old Mr. Rooster as their protector and as one to be listened to in all things.

When the rain was over young Mrs. Hen jumped up to scratch for worms.

before the others came from under the bushes.

She was lucky enough to get a very large one the first scratch, but before she had it dug from the ground, out ran all the others and began to tug and pull until in the end no one got the worm.

"Now, what a silly family I have," thought old Mr. Rooster, who had not run with the others. "All so greedy that not one of them had a bite. I must talk to them and tell them how silly they are."

In spite of the worms, when Mr. Rooster called his family they all came running to see what he wanted.

"I want to give you some advice," he said, "the worms will be very thick after the rain and easy to find, but when one of you gets a very large one

I have noticed that all the other hens and try to get it and in the end no one has anything to show for the struggle.

"Now my advice is that each one of you scratch for yourself and let the neighbor alone, even if he or she has a larger worm than you have, for if you drop the one you have, found someone will come along and get it and in the end you will be the loser."

Mr. Rooster strutted away feeling that he had done his family a great service and looking very important and wise.

All the fowl looked after him and no one moved until old Mrs. Hen said, "I wonder if old Mr. Rooster really meant what he said: I never saw any of our family that would not grab a big worm when it had a chance," and off she ran, followed by all the others, for they well knew that old Mrs. Hen knew just where to look for the finest worms.

Now, it happened the old Mr. Rooster saw them all running and he saw Mrs. Hen ahead, so he, too, ran to see what was going on.

When they reached Mrs. Hen she was pulling from the wet earth a very fine large worm and every hen and chicken dashed to her side, but before anyone got a piece old Mr. Rooster flew over their heads with outspread and flapping wings.

He landed right in the midst of the struggling fowl and before old Mrs. Hen could collect her wits Mr. Rooster had the big worm in his beak and was running away.

Of course, no one saw him eat it and later all he said was that every time he saw a struggle he should take the worm, but he did not say what he should do with it.

"He ate it, my dears," said old Mrs. Hen. "I am sure of it, and he will take every one we find if he sees it, so we better be careful."

There was no more quarrelling among Mr. Rooster's family after that, and as he walked around the yard he said to himself, "You have to use force when they will not listen to reason, but that certainly was a fine, plump worm."

### THE DROUTH

THE Drouth is a long, dry spell followed by a series of sharp exhibitions in the wheat pit. It is also followed by the agonized accents of the rural speculator who invested somebody else's money and was promptly punctured while reading up on the baseball scores.

The Drouth is caused by a total absence of rain in places where a little would go a long way. One of the strange and inscrutable mysteries of this fleeting life below is why the rain should fall with such fervor and exuberance in the spring of the year, when everybody wants to plant corn or try out a new automobile, and then as soon as summer opens up withdraw from the immediate vicinity and allow everything to dry up but the political orator. In the spring it is harder to head off a soaking rain than

Not enough rain will fall to properly water one perspiring citizen.

It is to discourage a visiting collector who is accustomed to speak without notes or mercy, but just as soon as hot weather sets in and raises large, luminous blisters on the common people not enough rain will fall to properly water one perspiring citizen.

A Drouth which has not been advertised in advance is a big asset to successful gambling on the price of December corn, wheat and other breakfast foods. Many a man has bought a few million bushels of No. 1 wheat long before it began to peep shyly from the ground, in the hope that a double-headed Drouth would cause it to wither from the ankles up, and has been gratified to such an extent that he could pay his barber bill for the first time since his marriage. Thousands of men who bet on the price of wheat, however, are now living in peaceful seclusion at the expense of an industrious father-in-law, the ratio of plungers who beat the game being about the same as that which holds good in bucking a slot machine.

The Drouth is a very mean-spirited article to live with, but it is better to get along with than some people, for which let us give thanks.

I DUNNO wot's matter for lassa tree four week. I no gotta ambish. Everyteeng too moocha hot for feela good. For fwa, seexa time everyday I try go someplace and da collar on da neck ees go seek before getta start.

**Remarkable Orchids.** Many orchids present imitations so striking as to be positively weird. For instance, there is the variety called the "butterfly" which when in bloom looks as if big, gaudy-winged insects hovered over it. The "bee" orchid, the "spider" orchid and the "lizard" orchid are equally remarkable. One species bears a flower in the likeness of a grinning monkey; another suggests the aspect of an opera dancer suspended by the head.

### 3 DOCTORS AT CARTHAGE

Two more doctors, in addition to the Kennard physician who recently began practicing there, have located in Carthage. They are Dr. Bills of Portville and Dr. George B. Jones, formerly of Rushville, who have formed a partnership. Dr. Jones was in the army 16 years, having risen to the rank of a lieutenant-colonel during the war. He was with the 7th Kansas Cavalry and saw service in various parts of the time at the front.

### FRECKLES

WITHIN the last few weeks several dozen requests have come to me from different parts of the country to explain the reason for freckles and to give some advice upon their prevention and treatment. Many people think that it is the heat of the sun's rays that cause freckles. Scientists have found out, however, that it is not the heat but the light from its electric rays—called its actinic rays—which develops these small blotches. In hot countries, these are stronger than in cold climates.

Now, neither blue nor white veils are protection against these, as the electric rays pass directly through these colors. On the other hand, red

Freckles Are Easier to Prevent Than to Cure.

reflects them; so red veils would be an absolute protection. But red would be too hard on the eyes to make such an accessory practical. Reddish brown is a good choice.

Massage will tend to prevent freckles, for massage will keep the skin clear of blemishes. A skin well powdered and rubbed with cream will come off unfreckled from exposure. Orange flower, elder flower or cucumber water will bleach freckles. But, beware! It will bleach them on some skins. A French doctor says that if the skin be rubbed nightly with the white of an egg beaten to a froth and mixed with an equal proportion of sweet almond oil, that the texture will stay white and wrinkles will be ward off for many years. This mixture will bleach freckles if after the morning bath this solution is also rubbed into the skin.

To a hundred grammes of rose water add five grammes of borax. This latter just kitchen borax, if you can get the proper measurement. Ten grammes of spirits of camphor are added next—every medicine chest likely contains this—and five grammes of tincture of benzoin. This last is added to close the pores of the skin.

These are all simple ingredients, usually found in every medicine cabinet, and they will keep the skin smooth and soft and free of blemishes.

## THE MASTER MAN

"The Master Man"—Princess applied to the Master Man is the intriguing story of the Silent Classics, Inc. photoplay production starring dainty Viola Dana that is booked as the featured attraction at the Princess Theatre today and tomorrow. The picture is an adaptation of the riotous farce by James Cullen and Lewis Allen Browne that was produced on the stage in New York by Oliver Morosco, and enjoyed a run of six solid months.

The plot of this comedy is described a most adroit. It has to do with the honeymoon of an adoring young couple who, through a combination of embarrassing circumstances, are interrupted as often as they attempt to spoon.

In the first place, it turns out that a burglar, and not a parson, performed the ceremony and it is only after the pair of youngsters have left on their bridal tour that the bridegroom learns the astounding fact that they may not be married at all. They set out in pursuit, but the newlyweds have a head on them, and a great number of unusual adventures befall them in the little mountain hotel where they seek shelter and softude.

### Today and Tuesday at Mystic

Confirmed bachelors, social-climbers, designing mamas, and all lovers of sparkling comedy-drama will revel in "A Fugitive From Matrimony," H. B. Warner's latest picture being shown at the Mystic today.

This is a society-drama, the kind that Warner specializes in, and in which he has a type of role that made him famous on two continents.

The perplexing and embarrassing situations in which a marriage shirker finds himself when, after exchanging clothes with an escaped convict on a generous impulse to further his escape, taking refuge in a fashionable country home, he is discovered in a young lady's bedroom forced into an engagement with her to save a compromising situation; accused of being an escaped convict; suspected of the theft of the family jewels; and finally becoming involved in a miniature riot in a den of thieves, from which he rescues the girl; all make for a comedy-drama of thrills and laughs.

When that eminent character-actor, Frank Keenan, decided to form his own producing organization, tremendous interest was aroused among lovers of the best motion pictures. Local "fans" will be granted the privilege of witnessing Mr. Keenan's initial "independent" feature, "The Master Man," when it is shown at the Mystic theatre on Tuesday. "The Master Man" is described by critics who know as "one of the most splendid pieces of character delineation ever achieved by this greatest of all American character-actors." It is a story of politics and love, of tremendous self-sacrifice, of a Samson shorn of his power by his own acts and conscience.

In Kent a Summer School of Eugenics Opened With Systematic Taking a Great Deal of Interest

## SOME ENGAGEMENTS BROKEN

School Teachers Heredity, Biology, Psychology and Social Application of Eugenics

Herne Bay, Kent, (By Mail). Numbers of engaged couples have applied for admission to the Summer School of Eugenics just opened here.

They will be instructed in heredity, biology, psychology and the social application of eugenics.

Couples who came down here this summer with the frivolous intention of enjoying themselves, are being lured into serious discussions of each other's suitability, and some quite advanced engagements are being broken off.

For instance, one young man consulted the school regarding his fiancée who had a deplorable habit of ejaculating "D—n" everytime she lost a stroke at tennis. Bad language he learned was not hereditary but it was certainly "anti-social," and it evidenced a lack of self-control which undoubtedly was due to heredity. Then the young man took to weighing up one or two actions of his impending father-in-law and decided there was too much heredity to fight against. So he withdrew his credentials, asked for the ring back and got a real eye opener as to what the beloved could do in an emergency so far as language was concerned.

Since then he has been patting himself on the back for his far sightedness in studying psychology.

In the new school, love is a thing which matters little. The impassioned torrent of words which fell from the old-time lover's lips, now boils itself down to.

CONFERENCE OF  
RED CROSS SEPT. 9

Representatives From Chapters to Meet in Cincinnati to Discuss Peace Time Work

TO BE HELD AT HOTEL SINTON

Ohio, Indiana and Kentucky to Have Special Exhibits in Conference With the Meeting.

Representatives from all Red Cross chapters in Ohio, Indiana and Kentucky have been invited to attend an important conference in Cincinnati, Ohio, September 9 and 10 when the peace time work of the organization will be discussed from a local, divisional and national point of view.

Starr Cadwallar, manager of Lake Division says, "The conference is planned to inspire and encourage the chapters and branches which have taken up peace time activities and to give definite help to those which need advice in carrying out plans for the future."

Headquarters of the conference will be at the Hotel Sinton. The first session will be at 2 o'clock on the afternoon of September 9, continuing through a dinner session and evening meeting and resuming the following morning. Frederick C. Munroe, general manager of the American Red Cross at National headquarters will be the principal speaker Thursday evening. Other national headquarters representatives will include Dr. E. A. Peterson, director of health service, James N. Rule, director of Junior Red Cross, M. G. Scheitlin, director of the Fourth Roll Call, Miss Ida F. Butler, of the Department of Nursing. Col. Peter Traub, commandant of Fort Thomas, Ky., Lewis Herbst, district vocational officer, Cincinnati, Vernon Reigel, Ohio State Superintendent of Schools, and George V. Colvin, superintendent of public instruction in Kentucky are to be on the program, each speaking on some phase of Red Cross work today.

Special exhibits are being arranged by division headquarters, in connection with the meeting. Cincinnati Chapter is planning to demonstrate a Child Welfare Clinic and the division department of health service will have a complete health center in operation dispensing literature on disease prevention.

The Ohio Home Service secretaries' conference will have meetings Thursday afternoon and Friday afternoon when their problems will be up for consideration. Home service secretaries from Indiana and Kentucky have been especially invited to attend these meetings.

In the opinion of Lake Division headquarters, this conference is the most important one which has called together Red Cross people since the signing of the Armistice. It is expected that a large majority of the division's 345 chapters will be represented.

Thursday evening a pageant entitled "The Red Cross of Peace," will be given by members of Cincinnati chapter. Mrs. Ruth Mougney Worrell of Dayton, Ohio, joint author with her sister, Mrs. Helen Gordon of Cleveland, Ohio, of the pageant, is training the participants.

## LEGION COMMANDER HOME

Col. Gignilliat and Boy Scouts Have Returned From Europe

Indianapolis, Ind., Sept. 6—Colonel Leigh R. Gignilliat state commander of the Legion, and commandant of the Culver Military Academy, was aboard the U. S. S. Patoika, with the Boy Scouts. He was one of the men who had charge of the Scouts during their entire trip to Europe and return. He left Indiana soon after he was elected state Commander by the state convention at Vincennes in June. A number of items of executive business are to be cleaned up soon after his arrival at state headquarters in Indianapolis in the next few days. Some important committees, among them the Americanism committee, will be appointed.

Colonel Gignilliat was met in New York harbor by a party of Legion men who went out to meet the Patoika in a launch.

Iodine, the most important by-product of the nitrate industry, is extracted from the liquor which remains after the nitrate has been precipitated. Although some sodium iodate is contained in practically all effluents, iodine is produced by only a portion of the nitrate companies, and the output of these companies is largely regulated by a franchise from the government that the limited market may not be overstocked.

TENT IS ERECTED AS  
FIELD HEADQUARTERS

Full Car-Load of Paraphernalia Being Used by G. O. P. at State Fairs Reaches Indianapolis

SPEECHES ON PHONOGRAPH

Indianapolis, Ind., Sept. 6—Workmen today erected the big tent that is to be used for field headquarters of the Republican state and national committees at the Indiana state fair which opened here Monday. A full car-load of paraphernalia, which is being used by the G. O. P. at the state fairs throughout the middle west, was shipped here from the Ohio state fair.

Two attractions daily, a matinee and an evening entertainment, are to be given at the tent. Dr. Samuel Blair, of Chicago, a prominent lecturer; Mrs. Paul Newman, of Deadwood, S. D., a leader among Republican women in her state; and N. O. Rasmussen of Chicago, are speakers who will be heard at each entertainment.

Speeches by Senator Harding and Governor Coolidge will be reproduced on a phonograph, and films showing the interesting parts of Senator Harding's life will be shown.

Frank Flinn, the national committee's representative with the tent, stated that the Republican tent had been a great attraction at every fair at which it has been located. There also been a tremendous demand at the tent for Harding and Coolidge buttons, literature and lithographs, he said.

"We have been at the Missouri, Ohio and Illinois state fairs in the last few weeks," said Flinn, "and from my observations at these fairs, where throngs from every part of the various states gathered daily, the middle west is strongly Republican. The party leaders in these states declare they are assured of victory."

Thought for the Day:

A man is relieved and gay when he has put his heart into his work and done his best; what he has done otherwise shut him from peace."

## ACT QUICKLY

Do the right thing at the right time.

Act quickly in time of danger.

In time of kidney danger, Doan's Kidney Pills are most effective.

Plenty of Rushville evidence of their worth.

Mrs. Lizzie Borem, 840 W. Ninth St., Rushville says: "About six years ago I began to have trouble with my kidneys. What bothered me the worst was my kidneys acting irregularly and they showed in a number of ways they were badly disordered. I was told I had gravel. Hearing some one else had been cured by Doan's Kidney Pills, I got a box at Wolcott's Drug Store. They helped me at once and after I had taken four boxes, the pain had left and I felt a great deal better."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Borem had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.—Adv.
